be formed, with capital sufficient to complete the line. The road will issue stock and be bonded, the latter securities carrying per cent interest coupons. Five hundred thousand dollars of stock and as much more of the bonds of the new ompany are to be turned over for subscrip-ion to the people of this city, and probably

MEXICAN CENTRAL. Excellent Showing Made by Statement

of Comptroller Harmer. A detailed exhibit of income and expenses somewhat out of the usual order has been Issued by Mr. J. T. Harmer, comptroller of the Mexican Central, for the half year

that ended on June 30. As this company's fiscal year coincides with the calendar year the statement in question anticipates for the first six months the full account that the first six months the full account that will be published next winter.

In 1899, for the first time, Mexican Central earned from operation a surplus above its fixed charges. In every previous year full interest had been paid on its mortgage bonds only by the use of the proceeds of the subsidy received from the Mexican Government. In 1894 the operating accounts showed a deficit of \$758,000, this amount being the largest shortage in any year of the last six. In 1895 the deficiency was \$255,000; in 1896, \$483,000; in 1897, \$539,000, and in 1895, \$413,000. For 1899 a surplus a trifle short of \$100,000 was reported.

INTERSTATE COMMERCE.

Point of Law Raised by Arkansas State Commission.

The Arkansas Railroad Commission ho-

raised a standard of independence by ruling that under the Arkansas law it has power to regulate rates on freight shipped between two points in that State, although it crosses into another State in passing. it crosses into another State in passing. The Interstate Commerce Commission took an exactly opposite view when, in the case of the New Orleans Cotton Exchange vs. C. N. O. & T. P. Ry., it ruled that "commerce between points in the same State, but which, in being carried from one place to another, passes through another State, is interstate commerce and subject to regulation by the provisions of the act to regulate commerce." lation by the provisions of the act to regu-late commerce."

State commissions have generally con-ceded this principle, although the United States Supreme Court, in the noted case of the Lehigh Valley Rallway vs. State of Pennsylvania, held that such traffic does not constitute interstate commerce. In the Arkansas case just decided a chair com-pany alleged an overcharge of \$1.8i by the Kansas City Southern Railway, that being the amount charged for the distance traveled in the Indian Territory between Fort Smith and Grannis, 162 miles.

CUBANS BANQUET WOOD.

Speeches Relative to Constitutional

eral Wood was officially banqueted last night by the Republican and Democratic parties. The Civil Governor, the Archbishop of Cuba, the principal judicial and civil dig

nitaries and a hundred representative merchants were present.

The Archbishop said the time had arrived
for peace and that he believed a consolidation of political parties would be of greater
benefit to Cuba in the future than a house
divided against itself. He said he was happy to greet the people of the United States
in the person of General Wood.

Senor Tamayo, Secretary of State, followed in the same strain.

Governor General Wood, on rising, was
greeted with shouts of approbation and

greeted with shouts of approbation and "vivas," which were taken up by some 3.000 people assembled outside the clubhouse on the Parque de Cespedes. He spoke in part as follows:

"Your delegates must be competent to draft a constitution, and it is a duty you owe yourselves and your fellow-patriots to see that your representation is without par-

owe yourselves and your fellow-patriots to see that your representation is without party prejudice. Bear in mind no constitution which does not provide for a stable government will be accepted by the United States. I wish to avoid making Cuba into a second Hayti, although I do not think that possible. "You want liberty for all and for no particular party. The United States insists that you shall have it. This is possible and easily possible. We have said it to the world. It lies with you to help us make our word good. Your enemies predict failure. The people of the United States and their representatives hope to see you defeat these predictions. If we were not your friends we would not seek the best men you have, but would seek the disturbed and the malcontent to represent you in the convention. We tent to represent you in the convention. We seek and demand the best you have. Again, I say, send people to the convention who will hereafter make your political system workable and permanent."

CUT BY A NEGRO.

Assault on Angus Morrison Seems Unprovoked.

St. Joseph, Mo., Aug. 26.—An unknown negro boy probably fatally slashed Angus Morrison, superintendent of bridges of the Chicago Great Western Rallway, to-night as he was hurrying to catch a train. Morrison's throat was cut supposedly with a razor. He can give no reason for the assault, unless it is because he accidentally brushed against the negro.

Vegetables Also Very Good-Affair Closes To-Day-List of Those Who Won the Various Prizes.

The thirteenth annual fair of the Oakville Farmers' Association was held in the pretty little grove of that association at Oakville yesterday. One of the largest erowds that ever attended the fair was present. The people came, not only from Oakville, but from other parts of the rounty, and St. Louis as well. The fairs are held annually to give the

farmers, gardeners and fruit growers of that section an opportunity to display their products in competition, instead of depending entirely on the county fair for this purpose. The soil of Carondelet Township is very fertile, and some magnificent spec imens of fruit and vegetables were on display yesterday. In peaches especially did the display excel. Some of them were large enough to all a pint cup. Squire John Crecellus, who took the first prize for the best collection of peaches, claimed to have two specimens that would fill a half-gallon bucket.

Doctor S. J. Will, who has been president of the association for the last six years, was master of ceremonles yesterday. He was assisted by Secretary August Schulen-burg and the judges of the various departments. The fair will continue to-day and close to-night with a ball in the hall of the association, to which hundreds of invita-tions have been issued. This afternoon the various exhibitions of fruit and vegetables will be sold at auction, the proceeds of which will be devoted to the use of the asseciation. The award of premiums in the various de-

COMING AFTER EDMONDS. Tennessee Eloper to Be Taken Back to Clarksville.

J. C. Edmonds, who is wanted there to answer several charges of embezzlement.

"Persons claiming to have been defrauded by Edmonds immediately set officers upon the case. It was first thought Edmonds had gone to his wife and children at Evansville, but this theory was shattered when it was learned he was wanted in the Indiana city on the same charge as at Clarksville and other towns.

WILLIAM H. ROBINSON DEAD.

Buried Wednesday.

tinguisher Manufacturing Company, who died early yesterday morning, was taken to Paris, Mo., last night for burial.

Mr. Robinson was 44 years of age. He was reared in Monroe County, but had been a resident of St. Louis for the last sixteen years, coming here from Nevada, Mo. He died at his late residence, No. 3645 Olive street, of nephritis, after an illness of three weeks. His brother, Judge W. M. Robinson, of the State Supreme Court, his wife and two sons accompanied the body to Paris, The funeral will be held Wednesday.

Chief of Police Robinson of Clarksville, Tenn., according to dispatches from Nashville, will arrive in St. Louis to-day for

Mrs. Oscar Hunt, with whom Edmonds is said to have eloped from Clarksville and in whose company he was found at No. 1411 Chestnut street, visited him in the holdover vesteries. and in whose company he was found at No. 1411 Chestnut street, visited him in the holdover yesterday.

"I have we excuse to offer," said Mrs. Hunt. "I love Jim (meaning Edmonds) and intend to do all I can for him while he is in trouble. If he has to go to the penitentiary I am willing to go with him."

A special dispatch to The Republic from Nashville concerning the career of Edmonds and Mrs. Hunt says:

"About one month ago J. C. Edmonds left Clarksville stating that he was called by telegram to Louisville to receive money left him upon the death of an aunt and that he would return in ten days. He falled to return in the time stated, and it became known that he had obtained money under alleged false pretenses from a number of people at Clarksville. Rumors reached their neight, when, last Monday night, Mrs. Jeweil Hunt, wife of Oscar Hunt, with whom Edmonds had been bearding at Clarksville, departed for St. Louis. Her friendliness with Edmonds had been the subject of unfavorable comment for months, and it was believed by many that she had gone to meet him.
